*An active team roster is limited to 7 players at 1 time.
*In order for a player to be legal, all information must be correct and an individual waiver must be signed and turned into the Recreation Department.
*Additions/Deletions to the active roster can be made by the Team Captain only, and must be done so with the KPRD Administrator prior to match.

As Team Captain, I verify that all information above is correct. I also understand the league rules as presented and that I am responsible for my team knowing the rules.
