

# ADAPTIVE AND INCLUSION SERVICES

---

## Behavior Policy

Kernersville Parks and Recreation strives to provide programming to enhance skill development, leisure education and recreation participation in a recreational setting. Our programs are not designed to provide intensive behavioral supports. Participants will be expected to manage their behavior with minimal staff intervention.

If an individual or their guardian requests support through Adaptive and Inclusion Services (AIS), and the participant engages in inappropriate behavior, AIS staff will employ various communication and behavior strategies to ensure the behavior does not become disruptive or a safety threat. If a participant is not receptive to support through AIS and engages in inappropriate and/or destructive behavior, they must follow the Town of Kernersville Code of Ordinances Chapter 20 Section 20-15.

Behavior and discipline of participants will be managed on an individual basis. We prefer methods of positive redirection and the use of small time-outs. If challenging behaviors frequently occur, the Recreation Program Supervisor, Adaptive and Inclusion Programmer, Parent/Guardian, and participant will coordinate response strategies to encourage success within our program. Kernersville Parks and Recreation reserves the right to remove a participant at any time if their behavior is a danger to themselves, other participants, staff, or the overall safety and liability of the program.

I have carefully read this Behavior Policy and fully understand its contents. I understand signing this Behavior Policy is a condition of my participation of the Adaptive and Inclusion Services.
